This Term!

The first week we will be learning about bonfire night, fireworks and fire safety, during circle times we will be sharing news about what we have seen and where we have visited.

We are learning about festivals and occasions from around the world, looking how they are celebrated. We will celebrate Remembrance day, making poppy's and visiting church, and hope to raise some pennies for BBC children in need.

We are having a week learning about shapes, going on a shape hunt and making lots of exciting models using various 3D shapes.

A parent suggested we used the weather to support the children's development, we are going to explore the changes during the autumn season and look at hibernation, using the children's ideas to create habitats for different animals.

Our story this term is Stickman, we will be doing lots of activities around this story, looking at the characters and settings, predicting what could happen and recalling the events. Please ask a member of staff if you would like to borrow a copy of the story to share with your child at home.
